

My name is Billy Broussard I have Billy Broussard Farm and Land Development and I own some land at 1675 Duchamp rd. which is around 33 acres.

I assume everyone on the council is aware there was some litigation where a Pre-Trial Memorandum was filed answering and providing law to support what I am doing on my property.

We are here today because of a compromise agreement we made with the Parish President through his counsel on the morning of September 13, 2021 the day before the court hearing.

It is true I agreed with the Parish President's request through his counsel to go through this rezoning process in exchange for the TRO lifted and getting rid of the litigation.

Furthermore, at that same time the Parish agreed to allow me to continue all my operations at 1675 Duchamp Rd.

I believe we all agree this is the right thing to do, shake hands, move on and work together.

For example the Parish is cleaning out cypress Bayou which is in the area and they asked if they can bring Debris to my farm and I agreed and I did not ask for anything in return "anything I can do to help the Parish or a neighbor just let me know."

There is too much hate in this world we need to show some love for one another.
